 Stitch – Tortoise

ARCHITECTURAL products

**Carolyn Ames Noble**  
 for **Durasein**

ANDREW L. CASTRO/ISTOCK

**product** Sun Kissed  
**standout** Oh-so-subtle but dynamic copper veining flows across the opaline field of the Atlanta-based creative's solid surface design—her interpretation of how golden-hour sunlight imbues materials with warmth. [durasein.com](http://durasein.com)

**John Cetra, Nancy Ruddy, Ximena Rodriguez, and Sorith Perera**  
 for **Valli & Valli**

**product** H 384  
**standout** New York architecture firm CetraRuddy leveraged computational analysis to achieve the door lever's perfectly twisty (and surprisingly ergonomic) profile, which seems to shape-shift depending on the viewing angle. [vallevalli.com](http://vallevalli.com)

**Amy Meier**  
 for **Hartmann&Forbes**

**product** Stitch  
**standout** A synthesis of Bauhaus architecture and Japanese design, this woven-to-size window covering from the California designer's new series is artfully crafted of abaca hand-placed into jacquard hand-loomed ramie. [hartmannforbes.com](http://hartmannforbes.com)

**Thom Filicia**  
 for **Accurate Lock & Hardware**

**product** Aurora  
**standout** This chic collection of door hardware includes knobs and levers—in various finishes—with textured faces inspired by the celebrity interior designer's classics-with-a-twist textile and wallcovering patterns. [thomfiliciaforaccurate.com](http://thomfiliciaforaccurate.com)
